Flying for the first time?
Here are a few tips to remember.

To avoid unnecessary stress, arrive at the ¹gate / airport at least 90 minutes before your ²flight / departure is scheduled to leave.

Before you ³check in / board your suitcase, think about what's in your hand luggage. Remember you must not carry any sharp objects on ⁴plane / board with you, or liquids in containers of more than 100 ml.

At ⁵customs / security, your hand luggage will be checked. You will be asked to take off your jacket and belt, and remove all metal objects from your pockets. We hope you understand this is done for your safety.

Enjoy the shopping in the ⁶duty-free / departure zone. Most items bought there can be carried on board without restrictions. The number of the ⁷runway / gate at which your flight will board is usually shown on your ⁸passport / boarding card. If it isn't, look for it on monitors in the departure lounge.

On the plane, ⁹fasten / attach your seat belt and switch off all electronic devices. After the plane ¹⁰takes off / lands, you can switch on your laptop, tablet or portable media player, but not your mobile phone, which must remain turned off during the whole flight.

Our flight ¹¹assistants / attendants are there to help you with anything you might need during the flight.

We hope you enjoy flying with SmartJet!
